SIDE 1 Robert Kimaktok SIDE 2

A long time ago, women had tails. A man saves himself ~~fr~~ by breaking off the tail of a woman, a woman who never wanted to marry. He runs away to his kayak and paddles away --- she wishes the kayak to turn over, but it doesn't: since then, women have no tails, and their words are not as strong as men's.

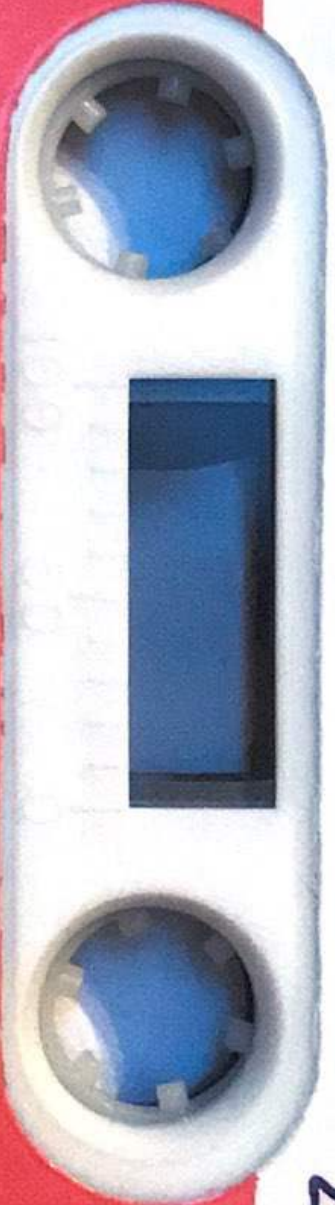

cf. Tqurpajuk, in P.B. Divint - vlu vs. Spear
